<b>Assignments:</b>							
Engines	3	Ladder Truck	1	Rescue		Medic Unit	1
Brush Engine		Water Tender		Command	1	Support Unit	
Volunteers		Total Personnel	16				

Mutual Aid Support	None		
Red Cross		Other/Utilities	

**Narrative**

Responded for a reported structure fire. Residents on East Campbell Rd noticed fire on the roof of a home on Century Dr. and called 911. They then went to the home and woke the occupants who were sleeping. The occupants evacuated and the owner began applying water to the roof. On our arrival we found light smoke coming from the eaves of a two story home. On investigation we found the fire had originated in the attic space above a bathroom fan and burned a two foot area through the roof. Crews accessed the attic space by pulling ceiling in the bathroom and extinguished the fire. The roof was stripped in the area of the fire around the fan vent to ensure complete extinguishment. Fire cause remains under investigation. Bend Fire & Rescue reminds homeowners that electric appliances such as ventilation fans require regular cleaning and maintenance. If you notice an appliance making noise or otherwise not functioning normally, shut off power to the appliance until it can be serviced or replaced by a qualified electrician.
